- **Language Detection:** Recognize the language used in your text.
- **User-Friendly Interface:** Intuitive design for seamless text analysis.
- **Multi-Language Support:** Analyze text in various languages.

Netflix Clone

Apr 2024 - Present (4 months)

Company: Netflix

<https://github.com/Qaiserali21/Netflix-Clone-tailwind-css>

Tools: Tailwind CSS

Netflix Clone Home Landing Page is a sleek, responsive interface designed using Tailwind CSS. Key features include:

- **Hero Section:** A captivating banner showcasing featured movies and TV shows.
- **Responsive Design:** Tailored for all devices, ensuring a seamless user experience.
- **Navigation Bar:** A sticky, user-friendly navbar with links to various content categories.
- **Personalized Recommendations:** Display of curated content based on user preferences.
- **Hover Effects:** Dynamic animations on movie and show thumbnails.
- **Call-to-Action:** Prominent buttons for signing up and exploring content.

TSP Website

Mar 2024 - Present (5 months)

Company: Tech Solutions Pro / TSP

<https://github.com/Qaiserali21/H-Techology>

Tools: Bootstrap 4, JavaScript,

The home landing page of **Tech Solution Pro** is designed with a focus on user engagement and aesthetic appeal, utilizing Bootstrap 4 and JavaScript to create a dynamic and responsive experience. Key features include:

- **Hero Section:** A visually striking hero area with a compelling headline, background image, and a call-to-action button that directs users to key services.
- **Responsive Layout:** The design adapts seamlessly to all devices, from desktops to mobile phones, ensuring a consistent and user-friendly experience.
- **Navigation Bar:** A sticky navbar with smooth scrolling and dropdown menus, providing easy access to different sections of the site.
- **Interactive Elements:** JavaScript-powered features like animated text, hover effects, and slide-in content that enhance user interaction.
- **Services Overview:** A well-organized section highlighting core services, with icons and brief descriptions that convey key information at a glance.
- **Testimonials:** A carousel displaying client testimonials, adding credibility and trustworthiness to the brand.
- **Footer:** A comprehensive footer with social media links, contact information, and quick links, offering easy navigation and connectivity.

This design effectively combines visual appeal with functionality, providing a professional and engaging experience for visitors.

Online Pharmacy 4u

Nov 2023 - Jul 2024 (8 months)

Company: Tech Solutions Pro / Philips

<https://onlinepharmacy-4u.co.uk/>

Tools: Bootstrap 4, JavaScript, MySQL,

Online Pharmacy 4U is a comprehensive digital platform providing users with easy access to a wide range of pharmaceutical products and healthcare services. The website is designed to offer a user-friendly experience, ensuring customers can effortlessly navigate through various categories to find medications, health supplements, and personal care items. Key features of the website include:

1. **Product Categories:** Organized sections for prescription medications, over-the-counter drugs, vitamins and supplements, personal care products, and health and wellness items.
2. **Search and Filter Options:** Advanced search functionality with filters based on product type, brand, price, and user ratings.
3. **Prescription Management:** Secure submission and management of prescriptions, enabling users to upload and refill prescriptions conveniently.

4. **Online Consultation:** Access to licensed pharmacists and healthcare professionals for virtual consultations and medical advice.
5. **Secure Payments:** Multiple payment options with a secure checkout process to ensure user data privacy and transaction safety.
6. **Fast Delivery:** Reliable delivery services with options for standard and expedited shipping to ensure timely receipt of orders.
7. **User Accounts:** Personalized user accounts for order tracking, prescription history, and tailored recommendations.
8. **Customer Support:** Responsive customer support through live chat, email, and phone for any inquiries or assistance.

The platform aims to provide a seamless and trustworthy online shopping experience for all healthcare needs, emphasizing convenience, security, and customer satisfaction.
